

		Aberlour Primary School 2024-2025, Term 1 2 3 4 Class Overview Rainbow Room			
Class focus for UN Global Goals and Rights of the Child: Article 15 You have the right to choose your own friends and join or set up groups, as long as it isn't harmful to others. Article 27 Every child has the right to a standard of living that is good enough to meet their physical and social needs and support their development. Article 28 Every child has the right to an education.					
MON		TUES	WED	THURS	FRI
Cooking Club Yoga		Gardening Club Fine motor skills activities	Art club Wheeled toys	Music Finger gym activities	P.E & outdoor learning
	ENGLISH LANGUAGE				
	READING	We will have a daily story time which will encourage the children to extend their vocabulary and learn new words. We will discuss the pictures and say what we think might happen next. Some of us will be working on reading books either reading the stories for ourselves or making our own stories using the pictures. Some of us will be working on our sounds and learning to put these together to make words.			
	WRITING	Some of us will be working on pre-writing skills, following patterns and practising our pencil grip. Some of us will be working on correct letter formation. We will be using our pencil control skills to draw pictures.			
	LISTENING & TALKING	We will all be listening to stories and some of us will be re-telling stories in our own words. We will practice listening to and following instructions.			
How can parents help		Looking at the pictures of a book and asking questions about what they can see. Reading stories together			
	MATHS				
		This term we will be looking at 2D and 3D shapes. Learning their names and going on shape hunts to find them in our environment. We will be playing shape matching games and using shapes to make patterns and pictures. We will be using junk 3D shapes to make our own exciting sea monsters! There will be lots of counting opportunities, investigating numbers, some of us within 10 and some of us working on bigger numbers.			
	How can parents help	At home you could have a look for shapes around the house or out in the garden, can you remember their names? Lots of counting and ordering numbers practice would be great too.			
	HEALTH AND WELLBEING / INTERDISCIPLINARY LEARNING				
	Through our cooking club we will be learning why it is important to wash our hands and how to wash our hands properly before handling food. We will investigate healthy eating and tasting new things. Look out for tasty treats coming home for you to share! Together we will work to make a class charter using the story of The Rainbow Fish and Only One You stories. The charter will show how we want everyone to feel and work together in the Rainbow Room. Our focus will be on kind words and sharing activities together making sure everyone is included,				
	SKILLS FOR STARS – EARNING AN OSCAR				
	OSCARS will be presented weekly in assembly. The Oscars are awarded in recognition of the children's successes, based around this term's skills: communication and feelings.
